

## GCSE Results 2017

### Provisional Results

Whitworth Community High School are extremely proud of our students and the GCSE results they achieve each year. We continue this year to see a wide range of very strong performances from subjects and individual students.

There are new benchmark criteria in 2017 which the government use to measure the successes of schools In England. One of these is the number of students who attain a 'standard pass' or a 'strong pass' in *both* English and Mathematics. At WCHS, we are immensely pleased with the attainment of our students against this measure and also just how much this figure has risen since last academic year. It highlights our key motto of school of 'climbing higher' and that our students leave Whitworth Community High School with a foundation of great results on which they can build the rest of their lives.

Government Measure	% of students
Students achieving 9-4 grades in English <i>and</i> Maths	71
Students achieving 9-5 grades in English <i>and</i> Maths	41
Students achieving 9-4 in English	76
Students achieving 9-5 in English Language	57
Students achieving 9-5 in English Literature	58
Students achieving 9-4 in Maths	76
Students Achieving 9-5 in Maths	43
Attainment 8 figure (not %)	45.12
Entered for EBacc	18%
Achieved EBacc (of the 18% entered)	44%
Progress 8	-0.20
